	Total				**0**			**0**			**0**			**0**

The winner is:

[1] Enter the Category description of the criteria in this column which are factors in this comparison decision.

[2] Enter the value of the specific category in this column in regard to the overall importance.

[3] List a brief description of how or why this Choice is relevant to the category. Ex. If comparing a Car, Category might be tires and here you can list the quality of the rubber, depth of tread, or rating, etc.

[4] Enter the rating factor of this particular choice in regard it quality. Sometimes you may need to speculate.

[5] This the score of this line item. The Formula is Value x Rating = Score.
